Fresher

## PROJECTS

---

### SpotClone – Music Streaming UI (UI/UX Project)

- Designed user-friendly music streaming UI inspired by Spotify
- Created wireframes and high-fidelity designs in Figma
- Focused on clean navigation, spacing, and visual hierarchy
- Implemented responsive layouts using HTML & CSS

### Personal Portfolio

- Designed and developed a **personal portfolio website** to showcase UI/UX projects and skills
- Created **wireframes and final UI designs** with a clean, professional layout
- Focused on **user experience, readability, and clear content structure**
- Designed sections such as About, Projects, Skills, Resume, and Contact
- Ensured **responsive and accessible design** using HTML and CSS

### A Charity Website

- Designed a **user-centric charity website UI** aimed at increasing engagement and trust
- Created clear **user flows** for donation and volunteer sign-up journeys
- Designed wireframes and layouts focusing on **emotional storytelling and clarity**
- Used impactful visuals, testimonials, and content hierarchy to improve usability
- Ensured easy navigation and **conversion-focused design**
